

The Church had a successful 2016 with a steady increase in congregations through the year . We enjoy the company of so many of you at the "special"days , but it is good to see you more regularly .

The Church is open all days of the year for villagers and visitors alike ,to spend time in a holy place , to enjoy the peace history and beauty of the scenery with its stunning views .

The Church Council strives to maintain the fabric of our beautiful church , and this year we were able , thanks to a very generous grant from the Parish Council , to complete a full overhaul of the organ , to renovate the graveyard shed , and create additional gravel paths .

The year saw two baptisms , four weddings , and four funerals , and to the joy of many , the first performances of our newly formed hand -bell ringers.

We organize events for fund-raising and community purposes , and we support village events throughout the year .

The Church makes contributions to many good causes every year , and encourages regular giving by congregation and parishioners alike .
