

ST SAMPSON PARISH COUNCIL CAR PARKING 2021 From: The Chairman

Dear Parishioner,

We will again be offering residents and property owners within the parish the opportunity to purchase annually one of three types of ticket, each representing a discount on the standard charge. Please note that all tickets are non-transferable. An application does not guarantee a parking pass, and the decision of the Parish Council is final.

Full Season Ticket A: £100 This allocates an individual parking space throughout the year exclusively for the ticket holder. Residents, home owners and businesses within the parish (including Sawmills Recording Studio) may apply.

Season Ticket B: £50 For home owners within the Parish, this allows a car to park during the pay and display period subject to a parking space being available: maximum stay 24 hours, but no limit as to the number of stays.

Season Ticket C: £30 As above, but available at this concessionary rate to those on the Electoral Register of the parish.

Village Green Pass Issued to permanent residents who have no off road parking space of their own. The decision of the Parish Council is final in the allocation of Village Green Passes which will be limited in number. Also, there may be a limit imposed on the number of cars per household.

Application for Car Park Season Ticket/Village Green Pass
