

Report from the Golant Summer Produce and Craft Show May 2023

On July 30th 2022, we were delighted to return to the Village Hall for our first Annual Show since COVID. Despite fewer entries, we put on a spectacle to show people new to the village what was involved, and the expectation and quality of the exhibits.

This year we are hoping for record entries for our show on the Saturday 29th July at 2pm. Entry forms and schedule are available from the pub, online, and each house in the Village will receive one through their door. We would also love to see more children's entries.

Earlier this year, we sadly lost one of our founding members – John Kift. John had been on our Committee since we started the show in 2009, bringing great knowledge and expertise to our Team. We have since created 'The John Kift Memorial Cup' in his memory. We have also welcomed Neil and Jackie Smith as two new members of the Committee.
