

**The Golant Pill:****Report for APM of St Sampson Parish Council: 2025**

The Golant Pill has come of age, as it is now in its 18<sup>th</sup> year. The continued success of this village newsletter is down to the many regular contributors, and the occasional scribes who are inspired to write about village events. The Pill Paparazzi, with their long-range lenses fully extended, continue to illuminate the pages of our illustrious magazine, and we are supported by a most loyal band of advertisers. To all these – our sincere thanks, and please keep on contributing!

Invaluable work is done by the committee members, who between them help with proof-reading, advertising, accounting, our social media profile (whatever that is), and distribution. But the team is led from the front by Gillie Harris, whose enthusiasm is undimmed and who shoulders the burden of producing six issues each year, and maintains wonderful breadth of coverage and an extraordinarily high quality. Gillie leads from the front, while the Chairman is like the Duke of Plaza Toro, who always led his regiment from behind! Finally, to all our readers – thank you.

Simon Funnell  
Chairman
